Streamlining Governance, Risk, Audit & Compliance Operations

ViClarity®

ViClarity provides integrated modular, cloud-based technology solutions to help reduce manual processes and meet regulatory requirements.

Compliance Management

Proactively manage compliance activities and reduce manual work to save staff time. ViClarity helps schedule and track tasks across your organization, provide visual clarity on successes and weaknesses, manage corrective action plans, and report on progress.

+ Easy to Spot At-Risk Areas on Heat Maps
+ Robust Evidence Trail for Accountability
+ Data Visualization for Leaders or Regulators

Risk Management

Risk management is a critical component of business success, but most organizations aren't equipped with the tools, time, policies, or procedures to handle it. With ViClarity's technology, you can easily identify, monitor, analyze and report on any risk to your organization.

+ Efficient Assessments via Automation
+ Key Issues & Emerging Issues Flagged
+ One-Click Creation of Dynamic Reports

Audit Management

ViClarity's integrated solution helps collect, verify and process data efficiently in a collaborative environment. Get rid of cumbersome and outdated processes like managing internal audits through spreadsheets and emails that leave organizations open to human error.

+ Module Linking for Operational Efficiency
+ Consistent Corrective Actions Tracking
+ Real-Time Reporting to Show Evidence

Vendor Management

Third-party vendors open organizations up to added risks, but a mature, well-organized program gives you more control and oversight. With ViClarity, onboard, evaluate and report on vendors with ease to save your team time and energy.

+ Automatic Alerts for Issues or Deadlines
+ Centralized, Organized Documentation
+ Enhanced, Data-Driven Oversight

Incident/Complaint Management

Log, track, manage and report on incidents or complaints quickly and easily with ViClarity's easy-to-use solution. Let automation drive the process forward efficiently so you can achieve quicker resolutions and deliver clear reports to management and examiners.

+ Built-In Action Tracking for Fast Resolution
+ Timely Analysis & Notifications
+ Ready-to-Share Reports

ViClarity also offers a variety of configurable solutions for board management, strategic planning, business continuity planning and more. Contact us to learn about additional solutions.

What to Expect When Onboarding ViClarity

Roadmap

4-12 Weeks*

Kick Off
Meet the team to create a communication plan
and implementation expectations.

Analyze
Collect documents, templates and information
that fit your requirements and processes.

Design
ViClarity builds a first draft of your solution and
conducts an architecture review.

Approve
Review and fine-tune the designed solution until your
organization is ready to approve the final module.

Onboard
Complete training and begin using the software
for your processes, workflows and requirements.

Support
Engage Technical Support and Customer Success teams
to ensure you use the software most effectively.

Not only is ViClarity one of the most user-friendly
platforms on the market, but our onboarding, ongoing
support and customer success also set us apart.

We assign each client a dedicated team of PMI
certified project managers that leads platform setup
and launch. This team provides expert tips for
smoothly rolling out the system across your
organization with minimal disruption. Implementation
typically ranges from 4 – 12 weeks* based on project
scope and client availability.

Once you're up and running, our Customer Success
Team sticks with you throughout the partnership to
ensure you use the system's full capabilities and stay
up-to-date on industry trends. Our Technical Support
Team is also available to handle questions.

*Typical range based on project scope and client availability.
